General Cleaning

- Routine care – Dust regularly with a soft, dry cloth to prevent buildup.
- Mild cleaning – Use a damp cloth with mild soapy water for most surfaces. Wipe dry immediately with a clean cloth.
- Avoid abrasive materials or harsh cleaners, as they may damage the surface.
- Test first – Always test any new cleaning product on a small, hidden area before full use.

Safety Information

- To ensure safe use of this product, please observe the following precautions:
Keep children away from the equipment; place it out of their reach.
- Use only as intended – The product must only be used for its designed purpose. Misuse may result in injury or damage.
- Weight capacity – Do not exceed the recommended weight limit. Overloading may cause product failure or accidents.
- Stable placement – Use only on a flat, level surface.
- Assembly and maintenance – Ensure all parts are correctly assembled and regularly check that fasteners are secure.
- Avoid modifications – Do not alter or tamper with the product, as this may compromise safety and void the warranty.
- Professional use only – This product is intended for professional salon/barber environments and should only be operated by trained personnel.

Maintenance

- Regularly inspect all components and fasteners to ensure your product remains structurally sound and fully functional.
- Replace any damaged, worn, or missing components immediately.
- All maintenance should be carried out by a suitably qualified technician or tradesperson.
- Only resume use after proper troubleshooting.
- Keep moving parts (e.g., pump, gas lift) clean and free from dust, hair or debris to ensure smooth operation.
- Use only manufacturer-approved replacement parts to maintain product safety and warranty coverage.

Routine Inspection

Perform periodic checks on:

• Hinges • Fasteners • Structural components

Ensure your chair remains safe, stable, and fully functional.

WARRANTY PERIOD

STRUCTURE: **5 YEARS** | VINYL: **2 YEARS** | HYDRAULIC PUMP: **2 YEARS**

Product Specifications

Height:	111-117cm
Seat Height:	55-71cm
Width (Total):	70cm
Width (Inner Seat):	49cm
Depth (Total):	110-150cm
Depth (Inner Seat):	45cm
Net Weight:	75 kg
Gross Weight:	85 kg
Maximum Weight Capacity:	200 kg (seating position)

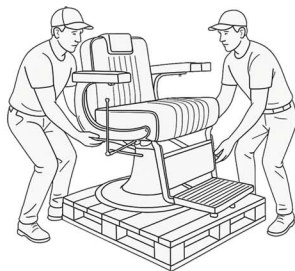

MAX WEIGHT
200 KG

Installation Preparation: Ensure you have a clean, level workspace with enough room to assemble the chair. Remove all parts from the packaging. Keep the hydraulic base upright and avoid placing heavy parts on unstable surfaces. Due to the weight of the chair, two-person assembly is recommended.

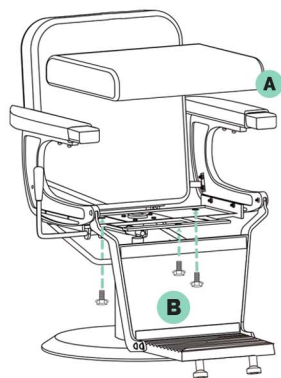

STEP 1

Using two people, lift the chair off the pallet and place it onto a clean, flat, stable surface.

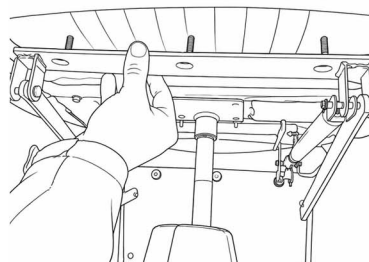

STEP 2

Remove the three pre-installed bolts from underneath the seat (A). Align the seat in position, then reinsert and securely tighten all three bolts from underneath (B).

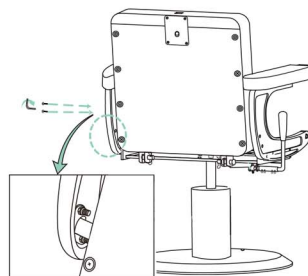

STEP 3

Install the foot rails onto the rear of the footrest. Remove the pre-positioned screws and nuts connecting the footrest and legrest, then rotate the footrest to the front position. Secure the footrest to the legrest by tightening the screws and nuts to complete assembly.

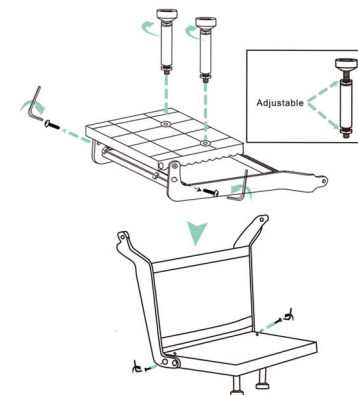

STEP 4

Using a suitable spanner and Allen key, turn the hex flange bolts clockwise until both arms are securely tightened. Do not overtighten.

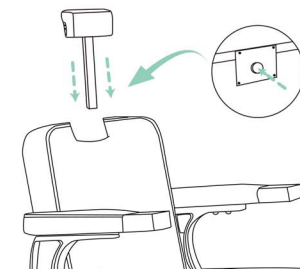

STEP 5

Install the foot rails onto the rear of the footrest. Remove the pre-positioned screws and nuts connecting the footrest and legrest, then rotate the footrest to the front position. Secure the footrest to the legrest by tightening the screws and nuts to complete assembly.

STEP 6

Insert the headrest into the backrest to complete the installation.

SAFETY WARNING: This barber chair is designed for professional use only. Ensure the chair is placed on a stable, level surface and never exceed the stated weight capacity. Keep children away from the chair at all times. Do not stand on the footrest or use the chair for any purpose other than seated grooming services.

Upholstery Care Guide

As a professional barber, investing in a high quality barber chairs can significantly enhance the comfort and effectiveness of your treatments. To maintain that level of performance and ensure long-term reliability, regular maintenance and proper care are essential. Like any professional equipment, your barber chair requires routine attention to stay in optimal working condition ensuring safety, smooth functionality, and a consistently elevated experience for your clients.

General Care Tips

Maintain a stable temperature:

- Cold can lead to vinyl cracking
- Heat may cause permanent stretching

Keep out of direct sunlight for long periods to prevent fading and damage. Regular housekeeping helps preserve comfort and appearance.

Cleaning Instructions

Clean the chair regularly and after each client to remove hair, body oils, and styling product residue.

Use a soft cloth with warm water and a mild, neutral cleaning agent only.

Wipe all vinyl, metal, and plastic surfaces thoroughly, then dry with a clean cloth.

Remove hair and debris from moving parts to prevent buildup and restricted movement.

For hygiene, a diluted, non-abrasive disinfectant suitable for vinyl may be used in accordance with the manufacturer's instructions.

Avoid Using These Products

- Hot or boiling water
- Alcohol or hydrocarbon-based cleaners
- Acetone
- Bleach or harsh detergents
- Furniture polish
- Abrasive powders, pastes, or steel wool
- Silicone or petroleum-based products
- Solvent-based or abrasive cleaning agents

Routine Inspection

Perform periodic checks on:

- Hinges • Fasteners • Structural components

Ensure your chair remains safe, stable, and fully functional.

Do not dispose of old or defective appliances with household waste. Please use designated public collection points for proper disposal. This manual is for reference only. Specifications may change without prior notice.
